## Instruction manual

Firstly, congratulations on being one of the only people who will ever read this. It is hard enough to get most people to read the manuals for our technical products - never mind a Hat.

Still, we thank you and would like to send you a gift to say thanks for taking the time to be a considered consumer! Send us a message on email and we will send you a free Keyring with our compliments!

PS - We suspect you don't really need instructions on how to use this product but just in case - 1) Insert your head into the hat 2) err....

WARNING - DO NOT TRY TO USE THE HAT AS A FRYING PAN. OFTEN WE GET COMPLAINTS FROM CUSTOMERS THAT THE HAT CATCHES FIRE IN THESE CIRCUMSTANCES. THIS IS NORMAL BEHAVIOUR FOR A HAT USED AS A FRYING PAN AND IS NOT COVERED UNDER WARRANTY...
